

# RIDDLES

I drink sun, breathe air, and wear green. What am I?

I grow without moving and give you shade. What am I?

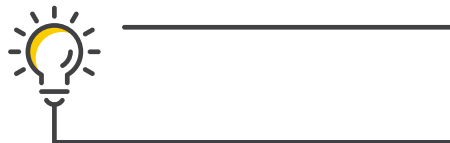

I'm green in spring, red in fall, and bare in winter. What am I?

I light up the sky and crack the air. What am I?

I crawl on earth, leave a trail, and love rain. What am I?

I stretch across the sky, but you can't touch me. What am I?
